Parameter	Recommended Value	Purpose
Model	openai/gpt-oss-120b	Provides strong reasoning and high-quality formal text generation
Temperature	0.3	Reduces randomness and improves consistency in project reports
Top_p	0.9	Maintains balanced lexical variation while preserving coherence
Max Completion Tokens	2048	Supports long-form PMI-style project report generation
Stream	FALSE	Ensures complete output generation before response delivery
Seed	42 (fixed)	Enables reproducibility and consistent experimental results
Response Format	JSON or Text	Supports structured reporting and easier post-processing
Prompt Style	Formal and objective	Produces professional PMI-style reporting language
